**THE NOTCHLAND INN EARNS *FODOR'S CHOICE* 2009 AWARD
FROM FODOR'S TRAVEL**

Hart's Location, 8/2009 – The Notchland Inn has been selected by Fodor's Travel, one of the most recognized names in travel publishing, as a 2009 *Fodor's Choice* selection. This distinction recognizes Notchland as a leader in its field for service, quality, and value in 2009.

Since 1988, Fodor's Travel has been awarding the *Fodor's Choice* distinction to only the very best lodging establishments, restaurants and attractions around the world. Every year, Fodor's writers experience, examine and evaluate thousands of hotels, inns, restaurants and attractions in their travels across the globe. While every business included in a Fodor's guide is deemed worth a traveler's time, only fifteen percent of those selections are awarded the *Fodor's Choice* designation by Fodor's editors.

As a 2009 *Fodor's Choice* recipient The Notchland Inn receives special recognition in the current Fodor's guidebook to the New England region.

“The Notchland Inn has been included in the Fodors Guides since our second year here in '94. More travelers use that guide book, and now their website, than many others,” said Les Schoof, co-owner and innkeeper at Notchland. “We're pleased and proud to have been recognized for this special designation.”

The Inn sits on one hundred acres in Harts Location, New Hampshire's smallest town, in Crawford Notch in the middle of the National Forest. The main building was constructed in 1862 with granite quarried near the Sawyer River. The inn has 13 guest rooms & suites and two cottages – all with wood-burning fireplaces. It is well situated to take full advantage of all the Mount Washington Valley has to offer and yet provides a real sense of seclusion in the midst of the mountains. In addition to the comfortable elegance of the guestrooms and public spaces, a full, country breakfast is served each morning and a five course dinner is served Wednesday through Sunday at one seating at 7PM. More information about the inn can be found at www.Notchland.com.
